You can't win if you are not present

OPERATION BICYCLE

Barney told us about our new community project called Operation Bicycle in Sonoma. Kids learn how to repair bicycles and then they are put up for sale. The kids earn points to purchase their own bike by how many hours they put in the shop.

They need money for tools and training. They need volunteer bike mechanics and bike donations of bikes that are in ride able condition. Open to boys and girls!!

THIS WEEKS SPEAKER

Diane Hobaugh Board President of the Down Syndrome Association of the North Bay was our speaker today.

Diane was a teacher before she got involved in this great project that affects so many families. There is an in uterus test for the syndrome but even if the gen shows up most families elect to carry the baby to term.

There is an extra chromosome so that even different races appear with the same physical qualities.

Their eyes are smaller; they have a different walk, and language skills. They ask lots of questions and now with modern medicines can lead a quality life into their 50's and 60's. There are many jobs that they can learn to do besides the most common one is to see them as packers in grocery stores.
